Subject: Assistance in Securing Life Insurance Policy after Prostate Cancer

Dear My Gray:

I want to thank you for your hard work, knowledge, and persistence in obtaining an affordable life insurance policy for myself.

When our company moved my existing life insurance policy lapsed due to the address not being correctly updated by us. During that time I had been diagnosed with Prostate Cancer.

We spent 7 months attempting to get new coverage in place and were rejected by all of the major providers. I consider myself lucky to have found your firm. You accomplished in a few weeks what we had been unable to achieve in 7 months. The new policy you were able to put in place was affordable and fully met our needs.

I strongly recommend you and your firm to anyone seeking insurance.

Clark French
